Summer 2015 - ISLE of MAN

We offer a great solution for groups visiting the Isle of Man - we provide fully installed and serviced Tents - **very high quality Vango Idaho, Vango Diablo 900 and 600's according to group size. We can provide these on most of the island campsites.** Glenlough Campsite is popular for visitors.

The **Vango 900's** can comfortably accommodate 6 people (They are designed for 9, but we like to allow you extra room for comfort). **The Vango 600's** are designed for 6, but we would use these for 4 people, again to allow you space for storage etc.) **Each tent has a huge living room, where you can easily stand up and walk around. The tents are literally massive - and always are easily the largest on any Campsite! Tents and equipment are of the very latest design for you comfort. The Tents and Equipment are of the highest quality.**

The **Vango Idaho's** can comfortably accommodate 2 people. Each tent has a living room, where you can **easily stand up and walk around**. The tents are a good size. Tents and equipment are of the very latest design for you comfort.

***All tents can be completely equipped with Double Burner Camp Kitchens (with Grills), Storage, Camp Lighting, Airbeds/Multi-Mats and Pillows, High Quality seating. (BBQ's are available to hire for a lively evening party)
It also gives you and your friends an independence to come and go as you please and to enjoy all the island has to offer..***

This is luxury camping. And provides' a fun way to enjoy the Isle of Man and the great outdoors for a large group of friends.

As one of our recent clients remarked - 'This isn't camping, it's Hotelling!'

We only offer the highest quality of service and go the extra mile to ensure our clients have a great stay.

We approach providing a serviced tent as we would provide an apartment let for a holiday stay - you would walk in and walk out and enjoy your holiday. The only difference for camping is that we would ask you to bring a sleeping bag and a towel - if you don't want to do this, these can be purchased locally.
